

# CDS-20

## Thermal Inkjet Printer

### ▶ More reliable hardware ▶ More powerful software

Industrial high performance CPU

7 "capacitive touch display

Can resist third level static interference

Industrial aluminum fixture cross

Corrosion resistant aluminum housing

motherboard uses anti-interference level

Support Bluetooth USB interface

printing engine uses TIJ inkjet chip

Linux operating system is adopted

Supports remote OTA upgrade

Self developed printing system

Support database printing function

Support GS1 QR code function

Droplet consumption algorithm

Support for 25+ multi-language

Support customized startup screen

Dataprint Fluids & Machinery

M-44 & 46 New Siyaganj, Indore - 452007, M.P, India. (T) +91-9827510554,

email: [sales@dataprint.in](mailto:sales@dataprint.in), Web: [www.dataprint.in](http://www.dataprint.in) Phone: 0731-2541554, 4958220

Mobile: 9303910554, 9303010554

Support ink bag continuous supply

Multiple installation methods

Support OEM customization

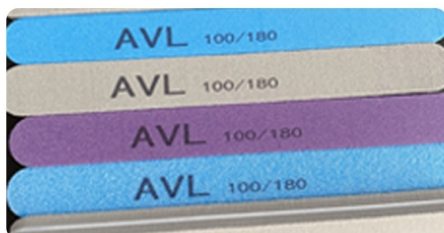

Support 1-9 level gray adjustment

Support multi nozzle splicing

## Detailed parameters

Product name: CDS-20 inkjet printer	Operating system: Linux
Nozzle: Tij thermal foaming nozzle	Printing accuracy: 600dpi
Screen size: 7-inch capacitive touch screen	Count No.: 1-15 digits
Printing distance: 2-5mm	Printing height: 2-25.4mm
Printing speed: 60m/min	Body material: all aluminum body
Ink: solvent based, water-based	Cartridge capacity: 42ml
Machine size: 210 * 110 * 40mm	Machine weight: 3.5kg
Power parameters: 16v, 3A	External interface: USB/Bluetooth
Ink cartridge color: red, yellow, blue, green, purple, black, white, invisible	
Function: text/picture/serial number/QR code//date/batch number/etc	
Printing material: plate, carton, pipe, cable, metal, plastic, stone, etc	
Bar code: Code128、Code39、Int25、UPCA、ENA13、QRcode	
Language: English/Russian/Thai/Vietnam/Spain/Arab/etc. 25+countries
